E - Commerce Website Management

Add product images

Description & details

Content management system

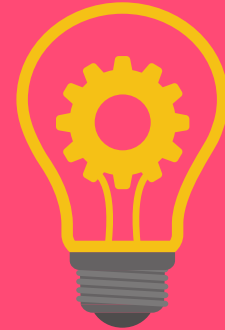

Your ecommerce website comes with a content management system (CMS) used to create web pages and blog posts.

Create new web pages

Your ecommerce website includes content management system features. This makes it easy to create new web pages.

Create a blog

Shopify includes built-in blog software. You can create a new blog or import an existing WordPress blog to Shopify. A blog is a great sales and marketing tool.

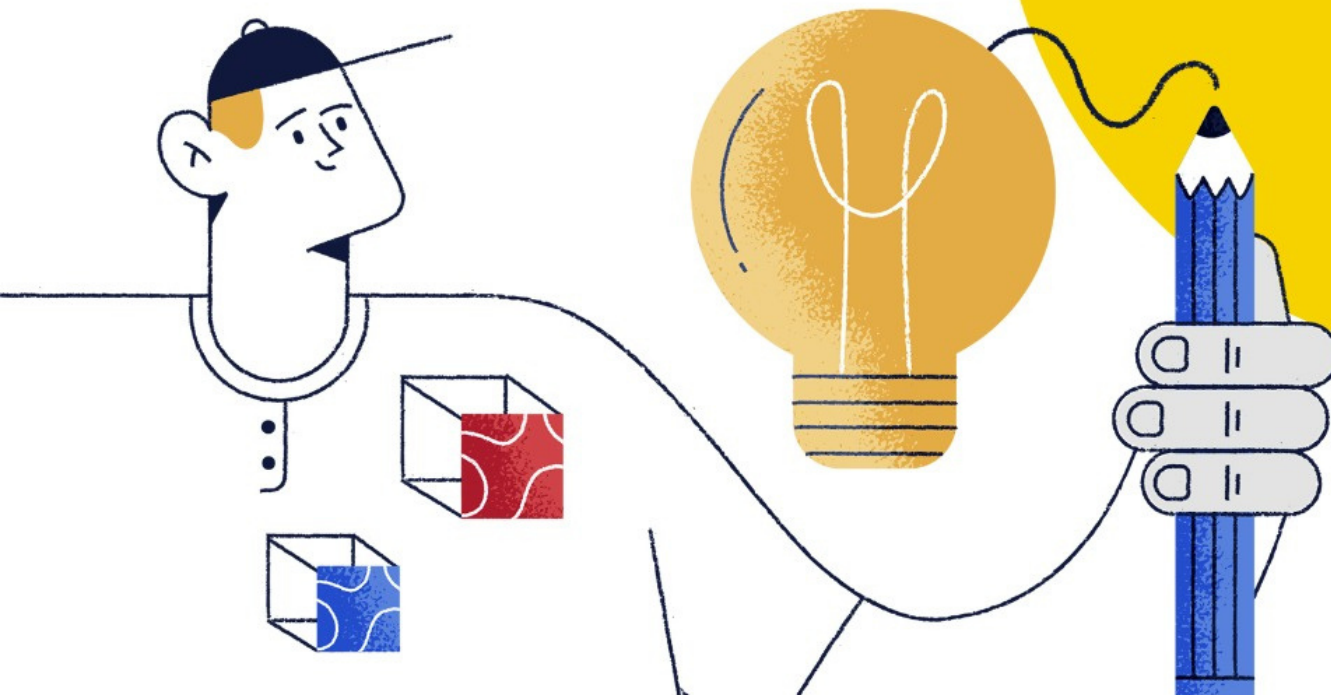

**Expand your
business with
the help
of digital
marketing.**
